Notification

To avoid delays when unloading and to arrange the correct delivery address (DATEV or a field warehouse), it is absolutely essential that all deliveries **of four or more pallets** are announced with notice of at least **five working days**.

Deliveries that have been announced always have priority. If no notification is given, deliveries may have to be forwarded to a field warehouse at the expense of the deliverer.

Delivery note/Consignment note

All deliveries must be accompanied by a delivery note complete with a DATEV order number.

The agreed delivery date should be included on the consignment note.

Vehicle unloading

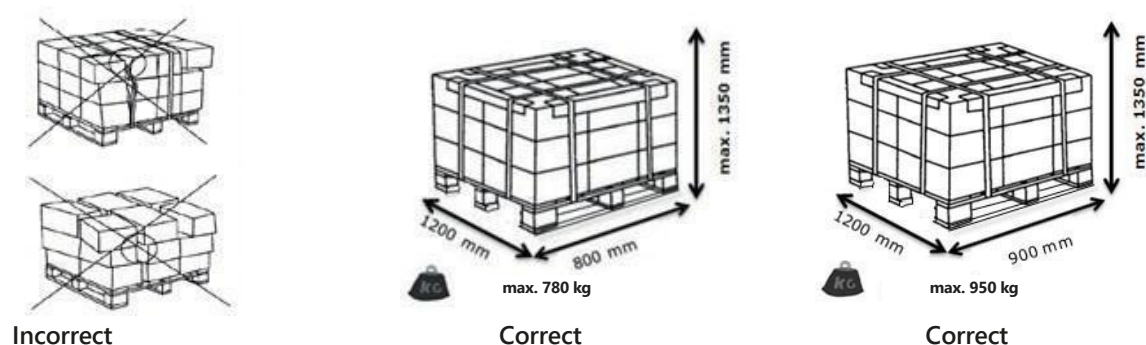

DATEV does not have an unloading dock. Vehicles are unloaded from the side.

Packaging/Pallets

As a rule, deliveries are to be supplied on exchangeable pallets or in cardboard boxes.

Permitted pallets: Pallets that conform to EN 13698-1 (L 1,200 mm × W 800 mm – maximum total weight 780 kg); special pallets (L 1,200 mm × W 900 mm – maximum total weight 950 kg).

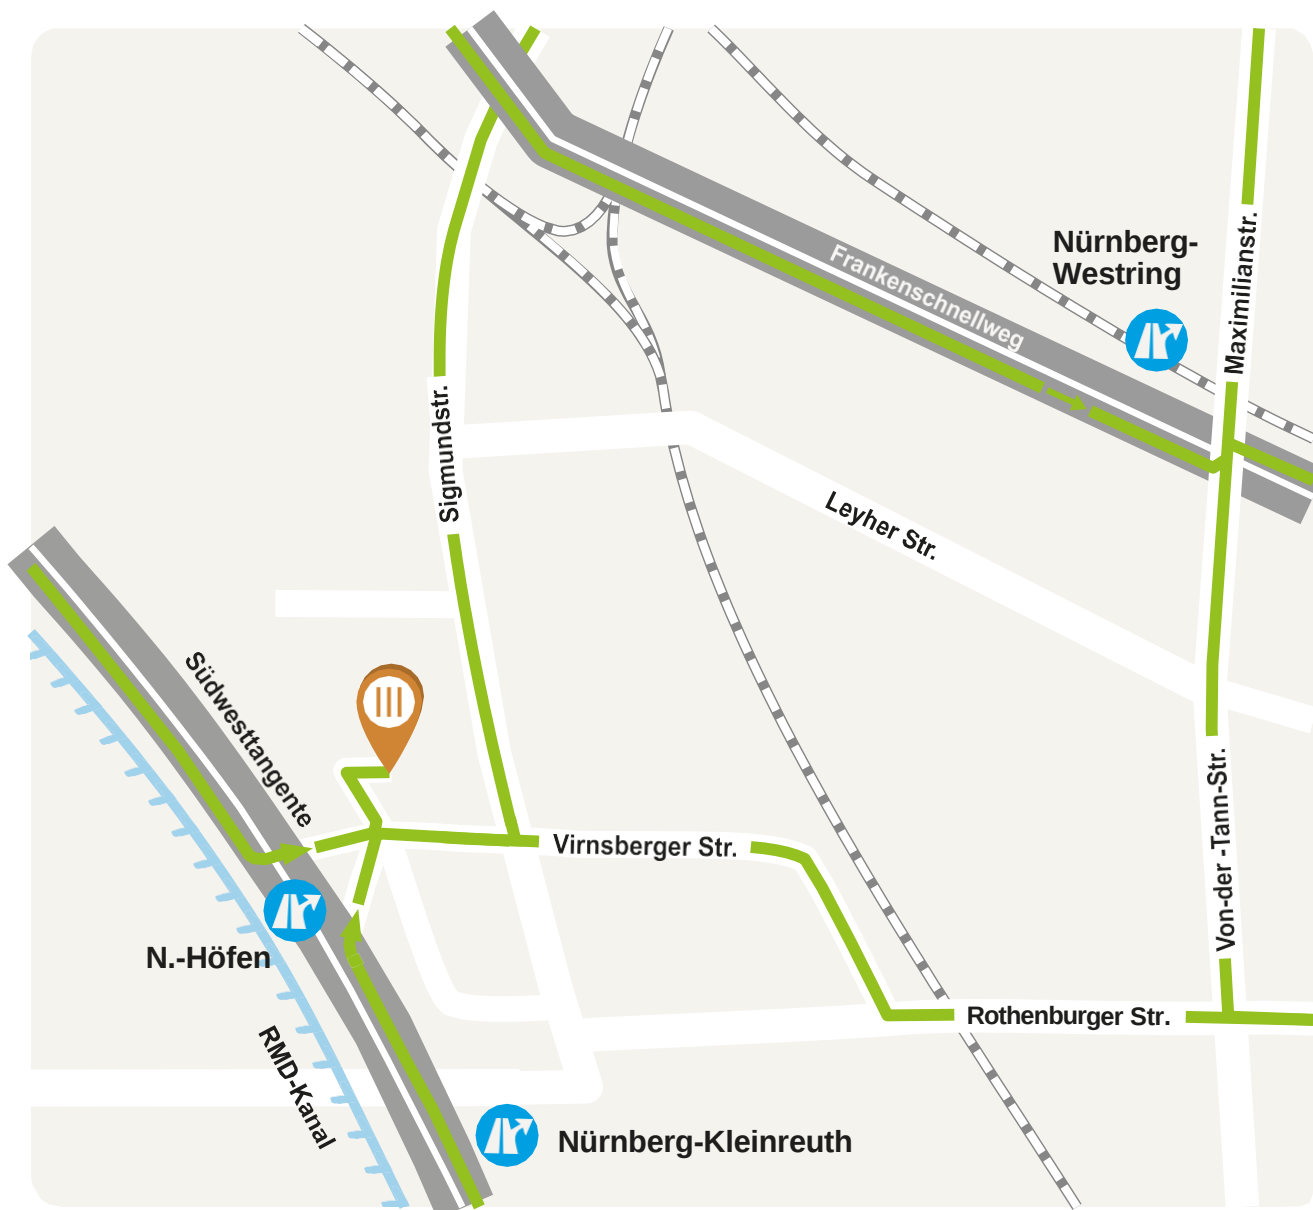

Pallets will be refused if they do not meet these guidelines.
